March 25, 2024	We continue to check the ticketing system. I fixed the error in the ticket information, where files such as docx and pdf would result in an error when clicked. I resolved this by adding a function that enables downloading upon clicking. Additionally, I included some minor details; I implemented a function that allows photos to be zoomed or enlarged when clicked. Furthermore, I included a spinner or loading indicator to prevent user confusion between errors and loading processes.	8 HOURS
March 26, 2024	The supervisor reviewed our system and suggested some minor changes, such as replacing the placeholders to avoid confusing users. Additionally, they recommended adding the ability to cancel tickets and delete them. I implemented this function, ensuring that only the user who cancels the ticket can delete it.	8 HOURS
March 27, 2024	I checked the ticketing system by testing it to find any errors in the system.	4 HOURS
March 28, 2024	No OJT due to a holiday.	0 HOUR
March 9, 2024	No OJT due to a holiday.	0 HOUR
LEARNING OUTCOME FOR THE WEEK: This week, I identified errors and fixed them. I also made the ticketing system more user-friendly based on feedback from my supervisor. I improved the user experience by adding visual elements. Additionally, I resolved technical issues related to file handling within the ticketing system. I also ensured effective communication with the supervisor.
